

James Park

James Park is truly a community park spanning seven acres in the heart of Marblehead.

This park features two baseball diamonds with crushed brick infields; newly surfaced basketball courts; children's playground; spacious shelter house with a wood burning fireplace, picnic tables, and grills; restrooms with flush toilets; and a sand volleyball court.

The park is central to village activities hosting an Easter Egg hunt in the spring, festivals in the summer, and community Christmas tree-lighting with a visit from Santa. The shelter can be reserved and is a popular spot for birthdays and family reunions.

Marblehead, Ohio.
